# TO OUR FRIENDS IN

—we dedicate our year book—in appreciation for their help and guidance through our college days.

They have provided, by their very presence, a challenge to our ultimate goal. To us, the lab school has been a constant reminder of our ideals, as well as a friend of our ideas.

Through their patient help and understanding, they have given us the courage to achieve ability and skills in effective preparation toward our profession.

For the valuable suggestions and patient understanding we shall always be grateful.

Not only have they given us this time, in class, and at many conferences, but they have also extended a friendly hand—usually when most needed.

Children and teachers alike have provided us with inspiration and have helped us to establish standards that will always be with us.

Therefore, we hope our lab school friends will accept this Cardinal as a token of our friendship and with it the knowledge that we shall never forget them.

# THE LAB SCHOOL

In Memory of  
Mary Ann McGraw

Our memories of her mirth  
and laughter shall linger on.

# UNDER THEIR ADMINISTRATION

## OUR PRESIDENT

DR. CHARLES C. WARD

"If you are asked to go one mile, go two. Teaching is not an easy way of life, but, is any worth while profession?" Such are the thoughts presented by Dr. Ward to each student entering our school and our profession. If we capture but a few of the profound convictions which he has expressed we have some of the highest ideals by which any of us can hope to live. Faculty and students alike deeply appreciate the opportunity of living near a great man, a great teacher. His personality inspires all P.S.T.C. to a deeper and richer understanding, spiritual and professional.

## JUNIORS • CLASS OF 1951

Looking back three years (which really seems like yesterday) we remember ourselves as happy, somewhat frightened, but at the same time hopeful and thrilled freshmen, entering a new school and embarking on a new and eventful life.

Though some of us had just graduated from high school, recently holding the lofty position of seniors, we were due to be pulled down a few pegs upon entering college—because we commenced as lowly freshmen. However, we lived all this down—even Freshman Court—and we were molded into a so called class.

Soph year—We returned to school nicely dehydrated and eager to tackle the new term—Whoops, understatement, it tackled us. The Soph Soiree was the event of events. We put ourselves on the P.S.T.C. map with the “Heavenly” ditty but lo and behold were almost washed off the map the day of the Frosh-Soph picnic. Remember sitting on the good old Nash bus waiting for one hopeful ray of sunshine, and when it finally came, what could have been more enjoyable than eating water soaked weenies, standing on water soaked feet. Oh! It was a great year!!

Our day of salvation finally came—Junior Sneak Day. Imagine looking your instructors in the eye and saying, “I’m cutting.” What could be more enjoyable than basking in the sun while your fellow students melted in their classrooms! Ah, for the life of a Junior!

We came into this new world as strangers and we shall depart as loyal friends, always remembering the events which have drawn us together.

# SENIORS CLASS OF 1950

Daniel Olcott .....*President*

Edna Bennett .....*Vice-President*

Virginia MacPeck ...*Recording Secretary*

Alfred Light.....*Corresponding Secretary*

Maurice Nash .....*Treasurer*

Seniors would not be seniors if they were not allowed the privilege of reminiscing. Seems almost impossible that they were once bewildered Freshmen. All seniors groan when they think of the "terrible" Junior year. We know what they mean! Here's a Senior's eye-view of their year:

"Seniors—busy with on and off campus teaching, at the Home Management House, and in the hospitals. And when these duties are finished, there is opportunity for social activity. Senior week—the Senior picnic, the Senior-Faculty Banquet, the Senior Ball, and Class Day. This well rounded picture of work and play during 1950 is a fitting conclusion to our life at P.S.T.C.

Graduation—the most significant time for all college students and the event that will remain longest in our minds. Already receding into the shadows are memories of four years spent in work and study, in a happy social life, and in clubs and athletics. These memories grow dimmer as we move on toward a new and promising horizon. But the knowledge gained, the ideals formulated, and the friendships made, go with us as our college's endowment for a happy and useful life. May the shadows of our college life inspire us always in our devotion to humanity."—Good luck, dear friends.

# SOPHOMORES • CLASS OF 1952

*Left to right: S. Smith, Recording Secretary; E. Cococcia, Treasurer; J. Corcoran, Corresponding Secretary; J. Sage, President; M. Menshousen, Vice-President.*

This year certainly has been a busy one for the energetic Sophomores! Under the fine leadership of their president, John Sage, and class advisor, Mr. Barton, they have helped initiate bewildered Freshmen into the "rigors" of P.S.T.C. life. The gleam in every Sophomore's eyes told us they hadn't forgotten their Freshman year. Wonder why?

Freshman week was gleefully extended to two weeks, and proved to be exciting for all concerned. "Sophs" tell us everyone had loads of fun . . . we wonder! Of course, their boys did get a little wet as a result of the hilarious tug of war, but they came through smiling . . . with teeth a-chatter.

The month of October was illuminated by the annual Sophomore Soiree . . . the high light of their year. Industrious sophs did a terrific job and received compliments all over the place on their unusual underwater theme.

By now Sophomores have become well known all over the campus. We find them active in almost every organization or club, and willing workers for any all-college function. Homework no longer seems frightening, nor the prospect of finals; they know the direction in which they're headed . . . they're even accustomed to Plattsburgh weather! In short, the "sophs" are old timers now, and have done their best to help their frosh sisters and brothers become old timers, too . . . a full time job, we think.

Now that '50 is here, our Sophomores are getting that "only two more years" look. As our successors, we wish them all kinds of luck and happiness.

# FRESHMEN • CLASS OF 1953

*Standing, left to right: C. Langley, President; C. Keedle, Vice-President; G. Dragoon, Treasurer.  
Seated: E. Arnold, Historian; S. Colby, Recording Secretary; G. Taylor, Corresponding Secretary.*

This year's Freshman class, the largest yet, is among the most active. Her men proved their strength by pulling the Sophomore boys through the pond, thus ending the agony of hazing. The class also proved its interest in law by sending more members to court than the "sophs" could handle. Freshman court proved the new "frosh" were not only hardy but good sports as well. Such talent!

They enjoyed the many "get acquainted" parties, teas, and dances, sponsored by the upper classmen of P.S.T.C., and lost no time making friends. The Freshman-Sophomore picnic was warmly acclaimed by all, and enabled "frosh" to become better acquainted with their "big" sisters and brothers. Weekly seminar is still in existence, with Dean Lewis helping our largest class to become fully organized.

Their first social after the mid-year exams was the Freshman Hop, in February, and did those Freshmen ever hop! P.S.T.C. really enjoyed the dance. Needless to say, it was a great big beautiful success.

We're proud of our Freshmen, for they symbolize an expanding P.S.T.C. The "frosh" really have something to look forward to! The new student dormitory now being built, as well as plans for new buildings on campus, and a lodge at Twin Valleys. P.S.T.C. is growing with every class and in turn every class must grow with P.S.T.C. Freshmen are very aware of the exciting days ahead, and are looking forward to accomplishing bigger and better things in their three remaining years.

Under the able leadership of Clarence Langley, their president, and the tactful assistance of Dean Lewis, the year has passed smoothly and happily for those who newly proclaim P.S.T.C. their beloved Alma Mater.

## HOUSE OF DELEGATES

The college representative body is the House of Delegates. Among its many branches is the Student Council, whose members are elected by the House of Delegates. There are three standing committees in the House. They are the Assembly Committee, whose duty it is to arrange the assembly programs of the year; the Social Committee, which plans and supervises all social functions; and the Student Guidance Committee, whose name adequately describes its duties. One member of each of these standing committees is also elected by the House of Delegates to serve on the Student Council. The function of the

Council is to act as an advisory and executive body to the House.

Problems of all types are presented at the House of Delegates meetings by student representatives from the classes and the various clubs and organizations. Improvements on campus at P.S.T.C. are usually recommended there. Bundle Day, at which time we donate clothing to the needy in Europe, the Foster Child, and the White Gift, which went to the Foster Child this year, are sponsored by the House of Delegates. Another important function of the House is to send representatives to the state conferences held throughout the year.

# WOMEN'S RESIDENCE BOARD

The recent fire tragedies at other colleges have been a grim example of what can happen if fire rules are not strict. The fire rules set up this year were more extensive than in previous years, and were compiled from the collective fire rules set up by other State Teachers Colleges. Members felt that through exchange of their rules, they gained ideas that will make our dorms safer.

Each year the Residence Board approves student house rules and makes necessary improvements. All final decisions rest with Dean Lewis. Copies of these rules are given to each house president at the first meeting of the Residence Board.

The duties of the house presidents, other than attending regular meetings are: lock-up houses, enforce house rules, make out house reports, and co-operate with their house mothers in generally taking care of "their girls."

An extra 11:15 this week? . . . Hurrah for the Women's Residence Board!

They're the girls who make all those rules and also give us the extra latenesses we have.

The house presidents, elected by the gals in the various dorms, and also the girls who live alone in private homes, are responsible for the rules which make the life at P.S.T.C. a little safer, and perhaps a bit more fun.

The Board meets the first Friday of every month from four to five P. M. with Dean Lewis, adviser. They discuss not only extra hours, but also other measures for the safety of the girls . . . fire drills, house rules . . . and housing conditions.

This year, members devoted one meeting to studying the blue-prints of the new Student Residence, which, incidentally, received the same wholehearted approval here that it had in every other organization which had studied them.

## SOCIAL COMMITTEE

D. Ricketson, F. Pye, C. Kitchen, E. Jarrett.

The Social Committee, chosen from the House of Delegates, plans and directs many of the all-college social activities. The Halloween Party, Movie Nights, Winter Weekend, and dances were very capably sponsored by this group. A new fire-proof ceiling and lights for decorating the gym were purchased, climaxing the year's work.

## STUDENT GUIDANCE COMMITTEE

F. Gardner, M. Belding, D. Prindle.

The three members of this committee really have a job! The Student Guidance committee, chosen by the House of Delegates, proposes all measures to be taken by the House, referring to problems which occur on campus. To this committee go all thank-you's for our new mail box and additional bulletin board space.

## ASSEMBLY COMMITTEE

B. Marshall, A. Sykes, D. Gottberg, J. Sage, C. Peterhansel.

The Assembly Committee consists of five elected members of the House of Delegates, and several faculty members. The duty of the committee is to use the Student Funds wisely in arranging for the morning assemblies and the evening concerts, so that they are beneficial and well received by the student body.

Standing: L. Croft, M. Miller, C. Waechter, President; P. Manfro, M. Doyle. Seated: P. Fidler, J. West, P. Toussaint, M. Shea.

## INTERFRATERNITY COUNCIL

To act as co-ordinator for the three sororities is the underlying function of the "Interfrat" Council. The council can boast of such well known social achievements as the "Frosh" party, the Interfrat Formal Dance and the regulation of "rushing" activities which include pledging, banquets and formal dances. For the past twenty years, the "Interfrat" Council has been a great asset to the social functions of our school.

## EXTRA-CLASS ACTIVITIES COMMITTEE

This committee, half student, half faculty, has the difficult responsibility of executing and evaluating our extra-class program. The schedules for all our intramural and extramural activities (including intercollegiate schedules) are subject to the approval of this committee. Any suggestions for changes in the extra-class program are submitted to the student or faculty members of this committee for the consideration of other members. They in turn, make recommendations to the House of Delegates, with whom all final decisions rest.

## MIXED CHORUS

Our Mixed Chorus proved their merit early in the year when, after but a short time in which to organize, they provided P.S.T.C. with a noteworthy Armistice Day program. Aside from the fact that they gave music lovers something to talk about, we thought it was especially appropriate that they sang "Ballad for Americans," by Robinson, with Mr. Morris Lucia as baritone soloist.

Christmas week provided the Mixed Chorus with ample opportunity to display their musical ability. After weeks of intense rehearsing, we wondered how their voices lasted! However, Christmas week would certainly be lacking without our distinguished Mixed Chorus, for the Chorus is on hand for almost every school function during that week.

Their contribution to the Vesper Sing and

the annual Christmas Pageant are so necessary as to be taken for granted!

The Mixed Chorus again comes to the fore during Music Week in the Spring, and again for the impressive Baccalaureate service in June. Last year, the Baccalaureate service was warmly received by all—and since an important contribution to its success was the Mixed Chorus, the faculty asked the Chorus to repeat its performance. This year's performance will be slightly different, however, for the Mixed Chorus will appear wearing new maroon gowns, and looking very professional, too!

In the past three years, we have observed an ever improving group . . . to Mr. Iverson and all the members of the Mixed Chorus, go our special superlatives.

## GLEE CLUB

The Glee Club has been an "open sesame" for all P.S.T.C. girls who enjoy singing. To this club come the experienced and inexperienced to blend their voices in a manner pleasing to themselves and their director, Mr. Iverson. Throughout the year, the girls practice and sing, not only for their own enjoyment, but also to prepare themselves for important public presentations at school functions.

Through the many years the Glee Club of P.S.T.C. has been in existence, it has always been fun to note the joy with which the girls combined their voices, and the enthusiasm shown when singing publicly.

As usual, the Glee Club distinguished itself by its traditional singing of "White Christmas" at the Vesper sing, and by their part in the spring concert.

## BAND

The Band started off last September with a bang! Nearly fifteen new members were added and the Band got right down to work on music for its fall concert. The Band presented a fine program at this concert, varying the program to suit all musically minded. This concert was a definite success, and was well received by all.

At the Christmas sing, the Band opened the

program with the sprightly number "Sleigh-ride." During Christmas week the brass choir from the Band played carols in the main lobby. A capacity crowd heard and enjoyed the Band again at the annual spring concert. On class day, our Band exceeded past performances in musically aiding all classes in the "moving up" ceremony.

## CHAMBER ORCHESTRA

This small, well integrated group was organized during the summer session of 1949. The Ensemble, whose membership includes some of the more skillful musicians, entertained at a number of teas and was well received. During the past year the group provided excellent accompanying music at the Christmas sing and also provided entertaining specialty numbers at the fall band concert.

## Footlights Club

Pantomimes—skits—one acts—three acts—The Footlights group has done them all! The Footlighters are in there acting when it comes to public presentation as well as work-shop entertainment. Behind the scenes, club members work on all technical jobs from lights to curtain . . . their only satisfaction, a job well done. Especially creditable is their fine work on our beautiful Christmas Pageant, under Mr. Hartman's excellent supervision.

Throughout the year, club members have been entertaining each other with student directed productions of skits and one-acts. Through this medium, members are groomed for acting and staging bigger plays when they come along.

This year, Footlighters entertained P.S.T.C. students with two one-acts and a three act. A larger male enrollment enabled members to choose from a greater variety of three-acts, and resulted in a superior play.

## 1950 CARDINAL STAFF

When the Cardinal Staff first met, it was still fall . . . "plenty of time," we thought, as we settled back in our chairs to discuss covers and themes. By Thanksgiving, many major decisions were behind us . . . "why are we rushing?" Came Christmas, and with it the vague thought that perhaps we'd better start moving. Suddenly our deadline date came to the fore . . . "so soon! Oh my gosh!" As the deadline crept closer, pictures were scheduled, activity forms checked, writeups collected, and lineups studied. After a hundred or more consultations with our most helpful advisors, Dr. Everest and Mr. Caswell, and our editor, Freddy Gardner, the work was done.

"It's in," we breathed in unison. Once more we sat back, this time with fingers crossed. "It has to be good—it has to!"

Now, of course, it's up to you. Our only satisfaction will be your approval. We have tried to produce a different and better yearbook—even went so far as to break tradition in our selection of a publisher. We have attempted to make this Cardinal interesting to every P.S.T.C. student, not only the Junior Class, for each student will own a copy.

With this issue comes our heart-felt thanks to the Junior Class, for their faith in our ability, and their unanimous co-operation.

# NORTHERN LIGHT

The Northern Light Staff meets with Dr. Harlan and Editor Joan Monaghan every other Tuesday to receive assignments and deadline dates. Out they scurry to interview visiting personalities, dig up college news, obtain opinions, follow up that sports flash, or get a feature story. Monday morning finds moaning reporters pounding typewriters.

After a mad week of copy reading, printers, galleys, proof reading, and dummies, the finished edition appears. It is exchanged for the papers of a dozen or more other colleges in the United States.

No complaints 'bout our Northern Light. . . . We avidly read every bit of it, and yell for more.

## TOWER

The literary magazine of the college . . . it is edited and published by the student staff, using money appropriated by the House of Delegates. Critical essays, verse, short stories, drama, and controversial articles, lend to its making. Membership is open to members of the student body who wish to express themselves in a good literary fashion. Annual publication takes place in the spring. One always knows when the Tower is "out" for it is the only time every student on campus industriously reads during lunch hour!

## HANDBOOK

The Student Handbook is published by a committee appointed by the President of the House of Delegates. The Handbook is issued for the benefit of the student body . . . especially the Freshmen, since it contains the all important rules they have to memorize during Freshman week.

Each year the Committee is appointed for the purpose of bringing the book up to date, by deciding whether there have been any changes, corrections, or improvements to be put in next year's book.

# **VARSITY** **BASKETBALL**

After a slow start the Varsity team went to town with the beginning of a new semester. Obtaining some new "Gunnars," the team won six out of eight games. The two games they did lose were by only one point. The team started the season by taking a "slow" Alumni team 62-81. Then Castleton was badly beaten by our "V" boys. Their next game was, without a doubt, their most exciting . . . trailing by 19 points in the last half, the boys caught up to Oneonta only to lose by two points in a double overtime. . . . The final score 73-75. The Cardinals then had a run of bad luck, losing their next four games to Albany, 84-54; Paul Smith,

65-83; Potsdam, 56-59, and finally Norwich Military Academy, 55-59. From then on, however, the Cardinal were an inspired team. They beat Paul Smith in a return game, 51-44, and then downed Geneseo, 65-47. Their next few games were "on the road," where they again beat Geneseo, 59-48, but lost a heart breaker to Potsdam, 47-48. Team morale was raised when they successfully beat a very good New Paltz team, 73-42.

On the next away game, Plattsburgh played beautifully against Oneonta on the latter's court. It was an uphill fight, but Plattsburgh won 67-62. Oneonta, by the way, was the only undefeated college in New York State and had a record of 19-0 wins when our boys took over. Their last game was against New Paltz which they lost, 59-70. We're proud of our Cardinal team. . . . Keep it up, boys!

J. Fedele, T. Guerriero, N. Fleury, T. Haley, C. Yasko,

Our J.V. team certainly piled up a beautiful record this year! . . . the best in P.S.T.C.'s history. . . . Not only did they end the season with a twenty-five to ten record; but they never lost to the same team twice.

The J.V.'s best games were against Altoona and Champlain where they came through with eighty-eight to forty-nine, and fifty-four to forty, victories, successively.

One very noticeable, and we think, noteworthy, thing that characterized this year's J.V. team, was their style of playing ball . . . mid-western, is what it is called. The team emphasized what is known in basketball vernacular as a "fast break." However, we remember they were far from lacking "set" shot artists. J.V.'s were most successful in their use of a "two platoon" system. In this way, they were able to effectively use Paul, Golden, La Duke, Hayner, and Rock as one team, and Fidele, Guerriero, Fleury, Healy, and DeLorio as the other.

The J.V. team not only gained experience through playing, but also, through travel! They certainly saw enough of the North Country scenery! They traveled extensively through Vermont and Canada as well as to Lyon Mountain, Peru, Altoona, and Castleton.

Just to prove our J.V.'s were successful, we figured their average for the year—it is a wonderful forty-eight points, against their opposition's average of forty-one.

## GIRL'S BASKETBALL

The Girls' Basketball season got off to its usual good start this year. As always the different classes had different teams playing different games against each other and working up until the two winning teams played their climactic "Cardinal White" game.

Girls take their basketball seriously—"play"

hard and strive for development of better basketball technique.

P.S.T.C. waits with interest for the arrival of the Cardinal-White game which ends their season—everyone turns out for the exciting game—and is it ever good! This is the girls' way of letting P.S.T.C. men know that they too have something on the . . . basketball!

## BASEBALL

Looking over the 1949 baseball team record, we find that it was the best team to have played under the Cardinal-White banner up to that time. The team compiled the best record in the history of the school, losing three and winning four games. Beside completing the best record of any previous Plattsburgh State team, our boys conquered Paul Smith's twice . . . enviable because never before

had Paul Smith's been beaten by a Cardinal-White team.

This year the team welcomed a sparkling array of freshmen talent, and the most noticeable thing about spring practice was a common determination to make the Cardinal-White a stronger, better team than ever.

## MANAGERS

These men are the machines behind the workings of our successful athletic set up. Congratulations are in line for the men who often take the blunt end of a job and never get any recognition.

Part of the manager's job is to make sure equipment is always ready for use, and that the different gyms are set. We can only mention a few of their many chores. However, everyone appreciates the real job they do when it comes to planning of trips, and setting up of game schedules.

## VARSITY CHEERLEADERS

Our cheerleaders add that bright touch to our games, here and away from home. Not only have they many times over proved their athletic skill with cartwheels and expert jumps, but they have presented an attractive picture for all to see. Any basketball man will tell you what a morale builder it is to see these girls yelling their hearts out and leading loyal fans in various cheers.

This year the girls in both the varsity and junior varsity made new uniforms. J.V. uniforms are especially nifty . . . red skirts and white short

sleeved sweaters for the J.V.'s and jumpers for the varsity.

The girls chose Potsdam for the site of the one out of town game. Two of their many snappy cheers went over big! The Choo-Choo and Tomahawk brought cheers from Potsdam fans as well!

All in all, we give our vivacious cheerleaders loads of credit for a good job well done with plenty of good old P.S.T.C. spirit.

## MAINTENANCE

We could say we extend our most grateful acknowledgement to our maintenance staff, if that would sufficiently express our gratitude for their help. . . However it seems like hardly enough in view of all they have done for us as a class and the school as a whole.

Whenever we needed help, skilled or otherwise, they were on hand. No matter how busy at their own job, they were always willing to take time to find one of us a ladder or a 2' x 4'. No request was ever refused and every request was carried out cheerfully. The thing we appreciate most is their friendly spirit of interest in all our projects. How thankful we were for their helpful suggestions when decorating the gym for various dances!

We know they desire no acknowledgement for their help; however to the members of our maintenance staff we wish to express our warmest, most sincere thanks.

## ALPHA DELTA

The Alpha Delta's started off the new year with a bang. They "dug up" some hidden talent to help entertain the new freshmen at the Inter-Frat party in October.

Freshmen came in flocks to the Indian Pow-Wow rush party, next on the list of activities. This was followed by the Inter-Frat dance with Ago's, Clio's and A.D.'s working together.

With the coming of November came the results of the many trials and tribulations of planning an assembly program. The theme of

the production was a fellow working his way through college selling magazines. After the program, the A.D.'s invited the whole college to a social hour in the cafeteria.

The A.D. banquet gave pledgees a glimpse of what future food times would be like. Pledgees proved themselves sturdy good sports during their hectic initiation—to everyone's enjoyment.

Alpha Delta's social year ended with the traditional senior banquet, where senior members were waved good-bye 'midst songs and smiles.

## ALPHA KAPPA PHI

The "Ago" sorority got off to a good start this year with the freshmen get-acquainted party held in the large gym in conjunction with the other two sororities. Their next social success was the coffee hour attended by the entire student body and faculty.

This year the rush party, held in the lounge, was "A Royal Affair," complete with their Queen, Rosemary Miner, her Court, and Jester. In co-operation with the other sororities, Ago sponsored the traditional Inter-Frat dance. Agonians, A.D.'s and Clio's worked like mad to live up to previous standards.

The sorority gained a uniformity in dress this year by purchasing new blue sorority sweaters. We think they're pretty sharp, girls.

In the Spring came the sorority pledge banquet and with it the gaining of new sisters and friends. This was followed by informal and formal initiation—impressive as ever.

Ago's happy and eventful year closed with the senior farewell banquet for their graduating sisters. Ago sisters tell us they are looking forward to another successful and eventful year in Alpha Kappa Phi.

## PHI KAPPA PI

Calmly look in on their year's escapades of fun and frolic. P.S.T.C.'s tea-totalers were once again entertained at Clio's annual all-college tea. The next event was the freshman get-acquainted party, in which all sororities co-operated—which swung itself into the bustling activities of rush parties. The Clios, with much imagination, gave a delightful Mother Goose Party. The entire sorority was transformed into a land of "Let's Pretend" portraying the many fairy tale characters—and the eating of ginger bread men, ice cream, and cocoa, further enhanced the occasion.

The second semester was ushered in with the pledge banquet and formal rushing. With their sorority bulging with lovely new Clio's they successfully published their beloved "Daisy." The much dreaded "Hell Week" went smoothly for everyone except the pledgees.

The year ending too soon brought about their annual breakfast; thus Clios sent their seniors into the teaching world.

Sorority sisters certainly hated to see their senior members go, but together with their new members, they tell us they're looking forward to a wonderful new year, come next fall.

## MEN'S CLUB

Because of the ever increasing number of men at P.S.T.C., an organization was necessary to voice their needs, desires, and opinions. That voice is the Men's Club. Formed in 1949, the club functions for the pleasures and benefit of the men, much as would a fraternity.

The Men's Club strives for scholarship, culture, and social betterment.

It achieves its purpose scholastically by limiting its membership only to those men who maintain a satisfactory scholastic standing, and also attempts to improve the standing of those who feel that they need help.

The Club prides itself in operating each year to present an award to the male who holds the highest average.

Culturally, it aids the men by sponsoring speakers representing various fields.

It strives for social betterment by sponsoring an all-college dance during the Christmas season, and providing an award for the male who has proven himself a leader and all-round good fellow.

Informal meetings, presided over by the Chairman of the Board of Directors, are held bi-monthly.

## DANCE CLUB

Modern dance, its basic techniques and composition, are practiced by those students interested and gifted in the dance. Their weekly sessions are spent in practicing the techniques of the modern dance. A new added feature of the club is the development of original composition by the members themselves. Under the excellent direction of Dr. Backus, members learn the basic techniques with which they make up their dances—spiral turns, tricky steps, and rhythms.

The highlight event of the club each year is the presentation of an evening program for the student body and the public. This year the program included a variety of themes based on primitive, American-Folk, Negro Spiritual, and semi-classic numbers. Incidentally, we think this program is super-special!

## TUMBLING CLUB

For the past two years Tumblers have been meeting to exercise and strengthen unused muscles as well as practicing to perfect skills which have been established by the club members as standard fundamentals. Previously their yearly exhibit, directed by Doc Wiley, was consolidated with the Dance Club, directed by Miss Backus. Now the clubs have separate demonstrations. Some of the feats of the Tumblers are forward and backward rolls, high-back rolls, kips, headstands, flips, cartwheels, shoulder stands and unusual acrobatic dancing, flying angels, and the breath-taking dives over five and six girls.

At the present time there is among the girls the ever welcome spirit for the promotion of athletics. The zest with which it has carried on Tumbling activities, marks the Tumbling Club a highly successful group

## RADIO WORKSHOP ASTRONOMY

September, 1949, marked the beginning of the Radio Workshop at our college. The purpose of the club is to initiate programs of interest for young children. They intend to accomplish this by broadcasting once a week for fifteen minutes.

The club's goal was accomplished on Wednesday, December 15, when they presented "The Christmas Tree" over the radio.

The members can either try their hand at acting, script writing, or sound effects. Every Monday afternoon from 4:00-5:00 this diligent group can be found rehearsing plays.

Requirements for joining the Workshop include only genuine interest in broadcasting and regular attendance at the meetings.

The foundation has been laid and without a doubt success is predicted.

"Powder your face with Stardust"—this is the motto of P.S.T.C's star-gazers. This year's membership made possible some interesting experiences for the whole club. Their first "big night" was spent at Whiteface Mountain! Arriving just before the sunset, they ate, observed, and tried to keep warm in the castle. Other shorter trips for observation took place at Rand Hill and Cumberland Head, and were very much enjoyed. "Rusty" always makes sure members have something to eat!

Everyone certainly appreciates the beauty of the night-time sky after being a member of the "Club of Stars." Surprisingly enough, we never believed people actually "looked" at the stars!

## SUPPER CLUB

The Supper Club members devote their monthly meeting to an extremely important cause—filling their stomachs! And what food! They specialize in foreign foods; but they also realize that there's nothing like good 'ole Southern fried chicken or Boston baked beans.

The club is divided into two groups which inter-change each month so that all get the chance to act as guests as well as cooks. And the girls really get in that foreign mood by dressing costumes appropriate to the occasion. What other club can boast of Spanish señoritas or China dolls? Ah, ah! Now, no remarks. Although few in number, the Supper Clubbers certainly have a lot of fun at their monthly meeting. Anyone who has been invited to supper will vouch for their skill.

## ART CLUB

The Art Club is composed of students who like to paint or sculpture at their leisure. The first aim of the club is enjoyment and relaxation by creative self-expression. Media such as water colors, oils, charcoal, tempera paint, clay, leather, felt, and scraps, are available to all. Crafts, such as weaving, printing, leathercraft, woodcraft, and metal work, also have a place in their activities.

The members work on individual projects with the assistance of Miss Ballarian, the club's guiding light. Sometimes they work from still life or posed models.

Beside trying to further their own aesthetic development, members further development of the school and community by student exhibits from museums.

## OUTING CLUB

Plattsburgh affords a rich environment for the Outing Club which meets frequently throughout the school year. The club offers many opportunities for exercise and entertainment.

During the fall and spring months, mountain climbs to Pocomoonshine and Lyon Mountain, bicycle rides to Vermont and hikes through the surrounding terrain are enjoyed by its members.

The winter months furnish ideal conditions for skating and skiing activities which furnish real pleasure to those participating.

This year the club is large, membership being open to both men and women at P.S.T.C. The Outing Club members are never idle. There always seems to be some activity planned. Its members are always anxious to gather their energy and embark on a trip.

## TIWA-YA-EE

Twin Valleys, or, as the Indians say, Tiwa-ya-EE, is the source of fun and adventure for all campers. This year Miss Hyde and Mr. Camp led the tribe. During the winter months the club purchased a fifteen post tepee and the club meetings were devoted to designing and painting it. During pow-wows at the meetings each member was given an appropriate Indian name. Also at these pow-wows some time was devoted to the making of the required and necessary wampum. Several outings at Twin Valleys were held this year. Members accomplished numerous objectives on these trips, such as: exploring the valleys, selecting a site for their tepee, the Norman Spring, and finally, getting the tepee set up, much to everyone's pleasure and satisfaction.

## International Relations Club

Meeting informally, weekly, the International Relations Club strives to make the college more world conscious. Meetings are open to anyone who wishes to attend.

Methods of accomplishing this purpose are numerous. Debates and panel discussions are regular features of the meetings, and occasional speakers or movies add to the member's knowledge of world affairs. Articles of importance from the world's leading newspapers are posted on the North corridor International Relations board.

Opinions are respected, and anyone, member or non-member, may freely contribute or express himself on current issues.

The purpose of the group is not to make decisions; it is to discuss opinions.

## Foster Child Committee

The students at P.S.T.C. are the adopted parents of a twelve year old French girl, Madeline De Coninque.

So that this child may be cared for, each class appoints representatives to serve on the Foster Child Committee. This group solicits students to write letters to Madeleine, which tell of campus life and other interesting topics.

The Committee decided to sponsor a drive to raise funds to purchase a Christmas gift. It was also decided that each class contribute a sum of money to pay for the care of the child.

Several appreciative letters have been received from our foster child, and are posted for all students to read.
